Day 1 - RJ Rental House Marketplace

Market place type:
* Rental E-Commerce

Purpose Goal:
* This marketplace connets trusted families with homeowners, ensuring a safe and secure rental experience
* Upfront pricing to ensure a hassle-free process.
* Safety is ensured through hidden camera detection feature
* Authentic reviews and secure payments built trust, offering both parties a smooth rental experience

What Problem Does Your Marketplace Aim to Solve?

For Customers:

* Transparency and Authenticity: Customers face discrepancies b/w what the homeowner says and reality. Our platform requires detailed property photos and highlights hidden issues.

* Utility Bills and Maintenance: Past 6 Month's Utility Bills and maintenance history are shared to avoid unexpected cost.

* Safty Assurance: A hidden Camera detection Service by app owner and home owner verified badge to verified all the conditions.

Target Audience:

1 Families:

Seeking safe, transparent, and family-friendly homes.

2- Homeowners:

Looking for secure, trustworthy tenants with advanced booking protection.

3- Young Professionals:

Needing temporary housing with verified, reliable details and home owner also checked FRC certificate and Family calling to rented the child.

4- Event Organizers:

Requiring large, safe properties for events and gatherings

5-

Uniqueness:-

* Full visibility of property details including Utility Bills.
* Safety Assurance: Hidden camera checker service by app owner
* Authentic Reviews: Trust-building through mutual reviews.
* Advance Payment: Secure booking with protection against financial Losses.
* Detailed Verification: Comprehensive property photos ensuring complete transparency.
